Re: PDL Updates Effective 04/02/2010

The following medications will be non-preferred and will require prior authorization:

Topamax Sprinkle caps. Dosing limits of up to 400 mg per day total.

The following medications will be preferred and will not require prior authorization:

Topiramate Sprinkle caps. Dosing limits of up to 400 mg per day total.

The following are miscellaneous PDL changes:

Treximet is non-preferred, and existing criteria is to use the individual preferred components of sumatriptan and naproxen separately. Furthermore, Treximet will only be available if component ingredients of sumatriptan and naproxen are unavailable.
