Re: **Product Deletions as covered Outpatient Drug**

MaineCare would like to inform Pharmacy Providers of several product deletions that have initiated calls to the Pharmacy Helpdesk at Goold Health Systems (GHS).

Several labelers have informed Centers for Medicare and Medicaid Services (CMS) that the following non-drug products do not meet the definition of a covered outpatient drug as set forth in Section 1927(k)(2) of the Social Security Act (the Act). As a result, they are not eligible for inclusion in the Medicaid Drug Rebate Program (MDRP). Because of the number of medications affected by this, MaineCare would like to provide the following list of NDC's now considered non-drug products that the State must immediately make non-covered.

00066-0105	Shepard's Skin Cream	00536-3542	Vit B-12 100 mcg Tabs
00066-0104	Shepard's 16 oz lotion	00536-3546	Daily-Vite Tabs w/iron New

MaineCare providers may refer to the OTC Drug list at www.mainearepdl.org for other products available.
REMINDER: Only OTC drugs listed as rebateable on the quarterly CMS rebate file will be covered. It's important to note that the CMS rebate file does not include many store-brand OTCs. A complete list of OTC drugs that will be covered will be updated on a quarterly basis.

If you have any questions, please contact GHS Pharmacy Helpdesk at 1-888-420-9711
