Some medications or quantities of medication require Prior Authorization by the Department. This means additional information is needed from the prescriber. If the medication meets MaineCare criteria, the Department will approve the request. The member will be charged a MaineCare co-payment for the medication.

By signing below, you indicate that you understand the following:

- You have been informed that they medication requires Prior Authorization by the Department
- You have chosen not to request Prior Authorization through the pharmacy or the prescriber
- In order to receive this medication without the Department’s Prior Authorization, you will have to pay the usual and customary price of this medication.
