All vaccines recommended by the Advisory Committee on Immunization Practices (ACIP) are covered by MaineCare pharmacy benefit without a member copayment, that includes influenza vaccines. In preparation for the 2024/25 Influenza (Flu) season, please review the MaineCare preferred vaccines listed below which do not require prior authorization (PA).

Influenza vaccines:

- Afluria® (Trivalent)
- Fluarix® (Trivalent)
- FluLaval® (Trivalent)
- Fluzone® (Trivalent)

Based on Advisory Committee on Immunization Practices (ACIP) recommendations, the following vaccines are preferred for members ≥ 65 years of age:

- Flud® (Trivalent)
- Flublok® (Trivalent)
- Fluzone® (High-Dose Trivalent)

Additionally, the vaccines listed below are recommended by ACIP and covered as preferred without a member copayment on the MaineCare pharmacy benefit. All vaccine products may be subject to age edits based on the vaccine's labeled indication:
